

Aquaposse's Online Meet Entry Directions

We feel this will help simplify the meet entry process, and thus eliminate some of the mistakes that happen.

- Step 1- Go to the Direct Athletic website. www.directathletics.com or use link from the Aquaposse website (I would add it to my favorites or bookmark it)
- Step 2- Log in. Every swimmer has their own log in name. See your coach for your specific name or email the request to: epapboard@yahoo.com. The password right now is “epap”. When you log in for the 1st time, it will ask you to change it. You can either change it or leave it as “epap”, which ever you think you can remember easier. If you forget it, you can have it emailed to you.
- Step 3- Click where it says “Click here to declare/submit entries” for the meet you wish to enter
- Step 4- Check the boxes for the events you want (pay attention to the limit of events per day) Click “Submit”
- Step 5- Email a confirmation to yourself

If you have other children, repeat steps 1-5. I know it is kind of a pain, but until they fix this that is all we can do.

- Step 6- Check your confirmation email, if there was a mistake, go back and edit it. If it was correct, print out a second copy of the confirmation page, write the swimmer's name on it, and mail it along with a check/money order (payable to “EPAP”) to:

Lorrain Ruiz

EPAP
P.O. BOX 971321
EL PASO, TEXAS 79997-1321

To figure out the check amount, use the formula at the top of that meet's entry page. Checks **must** be received before we send out the entries to other team. If the payment is not received on time your entries may be deleted or you will be charged a late fee.
